rado y cuánto ganaría la enseñanza si en todos los distritos universitarios se procediera lo mismo!

Rectificacion.—Haciendo la tirada de este pliego hemos sabido que se han padecido algunas equivocaciones
involuntarias en la relacion que antecede, y que sin perjuicio de publicar la rectificacion consiguiente, se ha oficiado à los pueblos respectivos para advertirles el error.

Estabilidad.—Cuando, segun declaración del Señor Ministro de Fomento hecha en una de las últimas sesiones del Congreso, estaba á punto de presentarse á las Cámaras la reforma de la ley de instrucción pública, la veleidosa política ha defraudado por milésima vez las esperanzas del Profesorado, produciendo un cambio radical en las personas que se ballaban al frente de nuestro ramo. ¡Paciencia! En el número próximo insertarémos los decretos.

## ULTIMA HORA.

# UNIVERSIDAD LITERARIA DE ZARAGOZA.

De conformidad con lo que previene el artículo décimo de la Ley vigente de Instruccion pública y teniendo presente lo perjudicial que pudiera ser á los niños la asistencia á las clases de la tarde en la rigurosa estacion del estío, he acordado se suspendan estas desde el 26 del actual hasta el 31 de Agosto próximo, ambos inclusive, quedando reducidas las clases de instruccion primaria á las tres horas de la mañana, debiendo los Señores Alcaldes fijar la hora de entrada con anuencia de las Juntas de 1.ª enseñanza, segun las circunstancias de la loca!idad respectiva.

Lo que se publica en los Boletines oficiales del distrito á los efectos oportunos. Zaragoza 14 de Julio de 1866.—El Rector, Jacobo de Olleta.
